

# Forex Trading Strategies: Trading Strategies That Work

One of the most powerful means of winning a trade is the portfolio of Forex trading strategies applied by traders in different situations. Following a single system all the time is not enough for a successful trade. Each trader should know how to face up to all market conditions, which, however, is not so easy, and requires a deep study and understanding of economics. In order to help you meet your educational needs and create your own portfolio of trading strategies, IFC Markets provides you both with reliable resources on trading and with complete information of all the popular and simple forex trading strategies applied by successful traders. The trading strategies we represent are suitable for all traders who are novice in trade or want to improve their skills. All the strategies classified and explained below are for educational purposes and can be applied by each trader in a different way.
