

Working the Web: A Guide for Nurses

For any course in undergraduate or graduate nursing. This is a small Internet guide specifically for nurses. It consists of five chapters, all providing a brief overview on how to use the Internet. It concludes with a very comprehensive appendix of annotated nursing URLs divided by more than 20 topics. This book could be value-packed as a companion to any PHH nursing title (LPN, RN, MSN), or it can be sold as a stand-alone guide.
