

Annual Report on Chinas Economic Growth (2010-2011) (Mandarin Scholar and Student Reference Library)

[Please note: This book is in Chinese language text only.] A close look at economic growth in China, from Chinas point-of-view. Section one outlines the latest global and Chinese economic developments whilst examining the prospects for further growth. Section two builds the case for a new development potentiality valuation system for Chinese provinces, autonomous regions and municipalities. And section three offers in-depth analyses and commentary on the major problems confronting China during the Twelfth-Five-Year plan period.
