

Beyond the Veil: A Caul Bearers Handbook

Ancient Caul Bearer lore runs dark and mysterious. Whispers of witch trials, vampires, and werewolves echo over thousands of years of folklore. Malevolent powers, secret cults, and illusive figures loom in the minds of hunters of the occult, leaking into literature in mystical bits and pieces, creating ever more questions of who these enigmatic beings truly are. But how much truth and how much sensationalized rumors are connected with the caul? And what of the modern day caul bearer? The purpose of this book is to demystify the caul; for the Good caul bearer who knows not where to turn for understanding their own nature as deeply sensitive and spiritual beings, who feel the alarming need to save the world, before its too late.
