

Jump: Creativity Lessons from 9000 Feet

#Jump: Creativity Lessons from 9000 Feet is Corey Michael Blake's business memoir; the personal stories of his creative life that have led to the development of Round Table Companies and their unique and life-changing business model. It's the chapter-by-chapter story of how Corey was compelled to become a better businessman so that he could use art and entertainment as a tool to inform, educate, and inspire people. #Jump is Corey's gift to those who have leapt with him and his plea to those who are scared of the edge of the cliff. You don't have to leap into life alone. Come jump. I love this book and its author, Corey Blake, as he has a deep empathy for both the author and the reader with a goal of creating a peak experience for both. I've thought of Corey as a sherpa, the Himalayan guide that helps people trek to the peak, but with this book, I now see Corey as a trailblazer himself. You will be profoundly changed by reading this work of art.
