

## Curanderos: They Heal the Sick with Prayers and Herbs

Not all cures come from the books of scientific medicine, boasts Don Panchito, a folk-healer who makes many appearances in Alberto Trevino-Hernandez's *Curanderos*. With fascinating, firsthand accounts of healings performed with only prayer and herbal remedies, Mr. Trevino-Hernandez offers compelling evidence that Western medicine does not have a monopoly on disease prevention and cure. This book should interest anyone who desires a more holistic, spiritual approach to health care.
