

Angel Trails

From the author: My husband, Louis and I were returning home from a shopping spree when suddenly and without warning, there in the middle of the street loomed a huge barrier. We were upon it before we knew it. There was no time to slam on the brakes, to stop or avoid hitting it head-on. We braced ourselves for that awful thunderous sound of crashing into this huge obstacle, but there was none. We were past the barrier and as we looked back, we couldn't believe our eyes. There it was, big as life behind us! We went right through it but there was no evidence that it had happened. We looked at each other in utter astonishment. Did the angel dematerialize the barrier momentarily? Did the angel pick up our car and move it over the top of the barrier? What? We still don't know? I'll have to admit that I love it when the angels perform these miracles.
