

The Flava Girls vs. the Principal

Can four teenage girls change a school dress code that doesn't allow short skirts and cornrows? Can they survive their parents' rules? What will they do when they're faced with issues of relationships and pregnancy? The Flava Girls vs. the Principal by best-selling author Kelly Kenyatta is the first novel in the Flava Girls Series. It is a coming-of-age story about a group of highly intelligent, fun-loving and stylish girls who have been friends since elementary school. Taylor, Kimeon, Layla and Imani find themselves thrust into the spotlight when they run for class office to overturn a strict dress code. The girls, who weren't as popular at first, gain respect from their peers when they take on the administration. As they lobby for the rights of the entire student body, they gain friends among all the different cliques --the hip hop kids, the punk rockers, the athletes, etc. Then suddenly, they are faced with more serious issues that will test their maturity, confidence and the friendship. It's been proven the girls have lots of flavor, but do they have substance?
