

Gods Psychology: A Sufi Explanation

Gods Psychology is not normal psychology. It goes beyond the mind, beyond feelings, beyond emotions and beyond the study of behavior and beyond science. It goes to the core of who we are. Why we came to this world. How to return to a place within us that is untouched by the world. The One that created us is the One who takes us through this journey within. This book is revolutionary and unlike any book you have ever read. It is God s Psychology. It can change your life. It will bring true peace. The extraordinary discourses in this book, Gods Psychology, were spoken in Tamil by Muhammad Raheem Bawa Muhaiyaddeen while he was residing in Colombo, Sri Lanka. They were given over a ten-day period, from March 7, 1982 to March 16, 1982.
