

The Home Health Guide to Medicare Service Delivery, 2016 Edition

Updated to reflect the 2016 home health PPS final rule, and with a fresh format, The Home Health Guide to Medicare Service Delivery, 2016 Edition, offers a one-stop solution for home health professionals looking for answers to their Medicare compliance questions. This book also enables agencies to ensure services are delivered according to current Medicare regulations and helps staff understand how to produce patient care documentation that supports compliance and proper payment. The new format includes a sleeker, cleaner style for easier reference. This manual provides:

- Quick access to concise, up-to-date CMS regulations and interpretive analyses
- A go-to resource for anyone in the home health agency, useful for orientation, training, and reference when stumped by a regulatory or operational question
- An overview of the home health PPS final rule, featuring complete interpretation and compliance guidelines on all PPS regulations
- An overview of CMS proposed Conditions of Participation and what they could mean for home health in the future
- A comprehensive index with frequently consulted sections presented in boldface type for easy use
- Nuts and bolts education this book takes the most complicated aspects of Medicare healthcare services and explains them in an easy-to-understand way
- All up-to-date regulatory changes with a focus on the home health PPS final rule.

Contents

The Basics of Medicare Service Delivery: Presents the fundamentals of Medicare coverage criteria and the Conditions of Participation (CoP). Includes a section dedicated to survey preparation as well as an exploration of proposed CoPs.

The Prospective Payment System (PPS): Gives an overview of critical concepts, including the Home Health Resource Group (HHRG), consolidated billing requirements, and clinical issues with an impact on billing.

All About the OASIS: Discusses the fundamentals of the OASIS and assessments. Compliance and Care Delivery: Highlights issues related to visits, physician orders, and start of care, recertification, and discharge. Documentation Essentials: Looks at documentation fundamentals, the clinical record, diagnoses, and the plan of care. Includes a section related to the 485 and elements of content.
