

## SIXTEEN POWERS (KABBALAH LESSON 13)

The names of sixteen Elohim, their powers, planets, elements, and what they do. Kabbalah is an application of the names of God to cause manifestations. The Elohim are the powers that created our universe and all the life within it. On the 6th day of creation 24 Elohim created 12 men and 12 women according to their image. Some created the black male and female, some created Caucasian male and female. An Elohim created a creature with the face of a human being and the body of a lion. Another Elohim created Cyclops with a human face and the body of a horse. Some of the Cyclops that were created are still around but they have learned how to make themselves invisible to other human beings by using certain words of power. In this book is given the words of power the Cyclops use to make themselves invisible.
