

Managing a Construction Firm on Just 24 Hours a Day

This detailed overview of the construction contracting business delivers an invaluable collection of best practices, forms, templates, and checklists designed to reduce risks and increase profits. Contractors will learn everything they need to know about the make-or-break areas of estimating, pricing, bidding, project management, and financial management. The author is well-known in the industry, with a weekly newsletter, website, online digest, regular column for Contractor magazine, and 70-plus seminar bookings for 2006. Extensive examples and illustrations help readers apply the insights offered.
