

Nautically Challenged

Nautically Challenged is a collection of witty, candidly funny mishaps about a family embarking on a new and fascinating hobby boating. Laughing at others is much too easy a task; Harry Angus is determined to become a master at making fun of himself. Marine knowledge is not required to live his stories, you will not find any salty jargon or swearing. Humor is the only element and it spills forth on each page. The hilarious adventures start when the family decides to buy a boat, but all they know is that boats are supposed to float. The boat does float, but seamanship skills take a long time to acquire, and trouble starts right there at the dealership. Come aboard and laugh with us, or at us, whichever you prefer!
