

My Wife is Pregnant or the End of the World As I Know It

My Wife is Pregnant or the End of the World as I Know It is about: A man's wondrous harrowing journey through first time pregnancy. Sexor lack of sex depending on your point of view. Exhaustion, food cravings, inexplicable shopping sprees and a four-foot pregnancy pillow named Mister Fluffy. Birthing classes and the unsettling realization that school prepares us for everything except parenting. If you've had enough of the joke books and the How-To manuals, then My Wife is Pregnant or the End of the World as I Know It is for you. Told in a unique narrative that reads like a novel, the book offers men a candid account of an expectant father's journey. It also offers pregnant women the chance to discover what their husbands are really thinking.
