

## First Steps In Cake Decorating: Over 100 Step-By-Step Cake Decorating Techniques And Recipes

Murfitt calms potentially nervous fingers by not only including step-by-step color photographs and text but also showing alternatives to traditional embellishments, such as candies, nuts, fruits, even ribbons. Necessary equipment is pictured and described, as are the intricacies of food colorings, marzipan, sugar paste, icings, and chocolate decorations. Though the art of baking itself is not a major feature, the last chapter includes charts of all kinds to figure out proper ingredient quantities for such cakes as Genoese sponge and Madeira, as well as quick-mix and fruit cakes.--Booklist. ...a must have for anyone with the slightest interest in cake decorating.--Publishers Weekly.
