

## Ship Breaker

In Americas Gulf Coast region, where grounded oil tankers are being broken down for parts, Nailer, a teenage boy, works the light crew, scavenging for copper wiring just to make quota--and hopefully live to see another day. But when, by luck or chance, he discovers an exquisite clipper ship beached during a recent hurricane, Nailer faces the most important decision of his life: Strip the ship for all its worth or rescue its lone survivor, a beautiful and wealthy girl who could lead him to a better life. . . .In this powerful novel, award-winning author Paolo Bacigalupi delivers a thrilling, fast-paced adventure set in a vivid and raw, uncertain future.
