

# How Mergers Affect Customers: Implications When Integrated Aerospace Companies Become Acquired

Mergers and acquisitions in the aerospace industry within North America had a strong expansion in 2011 with a 20% increase in the number of transactions from 2010. The United Technologies Corporation acquisition of the Goodrich Corporation gave them a larger portion of the commercial aerospace product and services sector, but what effect did that have on their respective customers? To answer this question, we need to review large historical purchases in this sector. When we did, the results were surprising!
