

# Theory And Research For Academic Nurse Educators: Application To Practice

Theory and Research for Academic Nurse Educators: Application to Practice is an essential guide to nursing education theory, research and its application in the classroom. Designed for the nurse educator, this comprehensive guide is focused around the National League for Nursing's eight core competencies for academic nurse educators. This textbook contains an overview of the academic nurse educator role, core competencies, strategies for applying theory and research-based knowledge to further professional development. This text is an ideal resource for nurses preparing for the Certified Nurse Educator Exam (CNE) and nursing education students.
