

# Thinking Straight: A systematic guide to managerial problem-solving and decision-making that works (Pathways (How to Books Ltd))

Thinking clearly. Its probably the single most important key to your success as a manager. This book delivers a practical system based on what top performers -- not just managers -- actually do to achieve results. Blending logic and intuition, exercising business judgment, selling your solutions internally, translating good ideas into results-producing action...business psychologist Steve Kneeland covers the things that really make a difference in todays increasingly complex and volatile business environment.
