

Visual Magick: A Manual of Freestyle Shamanism

A new edition of the highly acclaimed manual of freestyle shamanism, suitable for all those inspired by such figures as Austin Spare and Aleister Crowley, and who feel the imperative to develop their own unique magical way. Visual Magick aims to build vision, imagination, and creative magick. It shows how magicians, witches, artists and therapists can improve visionary abilities, enhance imagination, activate the inner senses, and discover new modes of trance awareness. The emphasis is on direct experience and the reader is asked to think, act, do, and enjoy as s/he wills. One of the best books on magick I have read in a long while. Phil Hine in Pagan News A practical modern grimoire. The Cauldron
