

Inspiring Writing in Art & Design Education: Taking a Line for a Write

Art and design students today face a wide range of writing tasks from reflective and self-promotional pieces to reviews, essays and dissertations. This book is an answer to art and design students and staff, disheartened by negative past experiences, who say that they loathe writing, and encourages different approaches to writing integrating it into studio practice, and promoting the notion of warm up preparations. This very practical volume, written for tutors and students, nurtures writings creative role in the process of art and design. It uses short exercises and creative writing techniques combined with the energy and liveliness of the workshop situation to help with academic issues in writing assignments.
